The Safest Investments

Are those that do not floctuate during dis-nuted conditions of the incorey or stock man-lets. First deed of trust mores (first mori-ages), well second or real estate in the Dis-trict of Columbia, constitute "gill-edge" in-vestments. They do not depend upon the financial reagonability of individuals or con-positions for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from \$300 upward. Send for booklet, "Oncorning Loans and Investments."
